

HotelGračanica

Dear friends of Hotel Gračanica,

Our Sunday brunch is back again after a long winter break. We are ready and hope you are too! For all of those who haven't tried our homemade traditional specialties yet: we are the best place for it! Our date of starting is 28.05.2023.

As always our [Jimmy Mustafa Band](#) will play for you from 11:30 a.m. to 1 p.m. And as before, you'll find a broad selection of dishes at our self-service buffet: local cheeses and cold cuts, homemade bread and croissants, homemade jams, muesli, soup or salad, several main dishes, desserts and more.

Brunch starts at 11 a.m. and continues until 2 p.m. Price is 15 € for adults and 1 € per year of age for children up to 14. Included in the price are fresh juices, mineral water, coffee and tea.

Reservations are highly recommended: tel. (+383) 038 729 888 or (+383) 049 764 000

As you know from our last newsletter, we are celebrating our 10th anniversary this year. In 2013, we actually had two opening ceremonies: our soft opening on April 13th, and our grand opening on September 28th. After thinking it over, we have decided to celebrate the anniversary in the middle between these two dates, on July 18th, at 5 p.m., as the weather is more predictable then.

You are cordially invited!

There will be live music, finger food, drinks, joy and hopefully great weather!

From June 20th, the 7th edition of the [Rolling Film Festival](#) with films by and about Roma will take place in Prishtina. It's only every two years and worth the trip!

This winter, we had a first guest who came to Kosovo for his dental treatment, saving more than 20'000 € compared to what it would have cost him in Switzerland, and he was extremely happy with the result! His trip was organized by Fred Ifanger of dentalreisen.ch, who before only offered dental treatments in Hungary, but has discovered that Kosovo offers the same quality at even lower prices. Worth considering if you need an expensive treatment!

The 141 photovoltaic panels installed last August on our roof have proved a very good investment. Our electricity bill has fallen dramatically, and even on a cloudy day like last Sunday the production covered most of our consumption. On sunny days, the panels have already produced up to 50kW, much more than our consumption.

If you would like to get more often updates on what is going on at the hotel, follow us on [Facebook](#) and [Instagram](#)!

Best regards

Lidija Tokić Fazliu and Aziza Ramić
